

## The Company

asm establishment is a Saudi company based in Jeddah, Saudi Arabia, Works as a System Integrators for Siemens Automation and Drives products, and Wonderware In-touch products. Its aim is to become a local leader in the supply of complete automation and industrial information solutions to the manufacturing market.

## Major Scope of Work

Supply, install and commission of Siemens Automation & Drives Equipments, Procentec Products, Auma Valves and Wonderware In-touch.

## Service / Supply

- Process Instruments from Siemens PS as in temperature, levels and flow.
  - Pioneers in old Texas Instruments, New Control Technology PLC's and regional distributors.
  - Distributors of AUMA Valves, Profibus function, commissioning and installing them.
  - Regional distributors of Procentec, world leaders in Industrial Communication as Profibus and Profinet.
  - Certified Profibus Engineer Co. and selling of Procentec Products. Examples Profibus Repeater B1, ProfiHub-A5, ProfiHub-B5 and ProfiTrace-2.
  - Authorized Service Providers for Siemens as Simatic WinCC, PLC and PCS7 used mainly in DCS refineries.
  - Design, Engineering and commissioning of SIVACON panels equipped with SIMOCODE PRO C/V for operation via Profibus-DP with DCS.
- Pioneers in Simatic HMI WinCC.
  - Experts in looking into clients needs for networking with third party. Example, Profibus-DP, PA, Modbus, TCP/IP and others.
  - Full knowledge in design, install and commission of automation block diagrams.
  - Supplying from INT-Cremona Italy, Orifices plates and flanges – Prefabricated Process Gas Metering – Flow Meters – Flow Nozzles – Thermocouples – Resistance Temperature Detectors – Thermo well.
  - Building Management System for PLACES, COMPOUNDS and RESORTS. Based on Siemens Simatic family or Siemens Building Technology SBT.

## International Partners

- System Integrators of Siemens Automation & Drives.
- PROCENEC foundation for Profibus and Profinet Products, testing and training.
- System Integrators of Wonderware In-Touch.
- ETA Automation from Cremona – ITALY specialization Process Automation.
- INT Cremona – ITALY specialized in Process Instruments.

## Clients

1. SABIC.
2. PetroRabigh
3. Aramco
4. Siemens.
5. United Sugar Company.
6. REFCO Best Mix.
7. Qassim Sugar Silos.
8. Al-Marai. / Western Bakeries.
9. NOMAC
10. Grand Mills - Abu Dhabi UAE.
11. MingoCongo – Kinshasa – DRC.

## Our Experts

1. PCS7 Version 7.x
2. STEP7 Version 5.x
3. WinCC Version 7.x
4. WinCC Flexible 2008
5. Siemens Drives
6. Certified Profibus Engineers from PI foundation
7. Siemens Instruments (SITRANS)

## Training

Authorized as Siemens Trainers;

- Simatic STEP7, HMI WinCC and DCS as Simatic PCS7.
- Certified Profibus Installer (CPI) and Certified Profibus Engineer (CPE).
- Siemens Drives, MicroMasters or Sinamics.
- Siemens Instruments ( SITRANS)
